

Closures

12 August 2023 19:55

```
function outer(){
  var a=10;
  function inner(){
    a++;
    console.log(a);
  }
  inner();
}
outer();
```

lexical scope

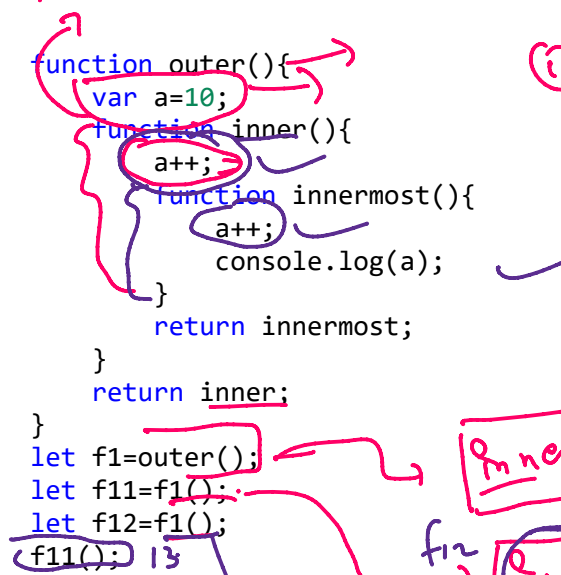

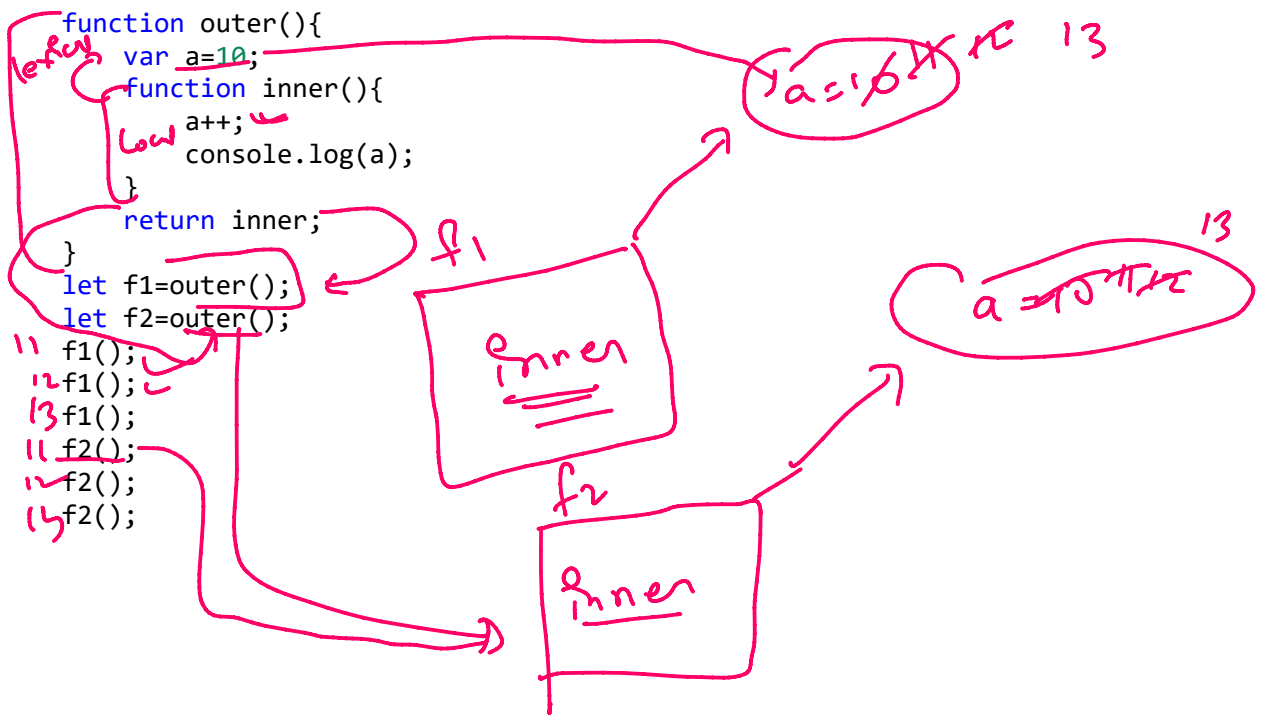

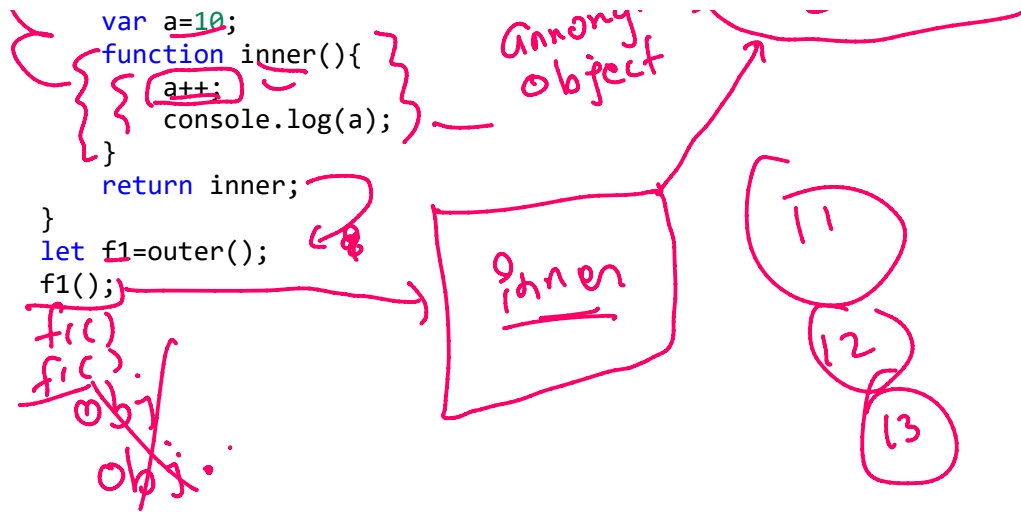

```
function outer(){
  var a=10;
  function inner(){
    a++;
  }
}
```

closures

Anonymous object

a = 10

12 13

① Agar kisi variable ka closure phote se bna hua hai to uska naya closure nhi banta.
